MMAA: Our Work & History

MMAA is the result of decades of work for the LGBTQ+ and HIV+ military and veteran community through the merger of four organizations, each focused on serving their respective community in different ways: the Servicemembers Legal Defense Network (SLDN), the American Military Partner Association (AMPA), OutServe (OS), and the Military Partners and Families Coalition (MPFC).

Our staff, volunteers, and members have made incredible gains for the LGBTQ+ military and veteran community. In recent years we have fought and won high-profile lawsuits challenging the service bans on transgender people and people living with HIV. We also saw the Respect for Marriage Act signed into law!

However, we still have more work to do. In 2022, we saw a historic number of anti-LGBTQ+ bills introduced in 26 States. These States are also home to most of our military service members, their families, and veterans. It is unacceptable. We must ensure the Equality Act is passed; people living with HIV can enlist; discriminatory discharges are corrected; and LGBTQ+ military servicemembers, their dependents, and veterans are protected against hateful rhetoric.

In addition to our advocacy efforts, we offer a variety of programs. MilPride is a resource network dedicated to supporting military families with LGBTQ youth. In partnership with PFLAG, MilPride offers support groups for parents, family members, and members of the LGBTQ+ and military communities. Our Rainbow Shield certification program and other trainings equip military and veteran service providers with the skills they need to provide effective and efficient services to the LGBTQ+ and HIV+ military and veteran communities. Through our legal help referral desk, we connect members to our partner law firms to assist with discharge upgrades, legal name changes, and discrimination. Our military spouse scholarship enables military spouses to pursue their higher education goals. And through our Chapter Network, we facilitate in-person and virtual opportunities for fellowship, camaraderie, and leadership development across the country and worldwide.

As a growing organization facing leadership transition, we recognize this opportunity to evolve. We seek a strong change manager with expertise in transitioning through a growth stage to establish a mature, sustainable organization.
